Satisfactory Academic Progress Policy

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at Tuana European Beauty Academy. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

Evaluation Periods

Students are evaluated for Satisfactory Academic Progress as follows:

- Cosmetology 450, 900, 1200 clocked (actual) hours
- Hairstyling 450, 900 clocked (actual) hours
- Esthetics 300 clocked (actual) hours
- Manicuring 300 clocked (actual) hours

*Transfer Students- Midpoint of the contracted hours or the established evaluation periods, whichever comes first. SAP evaluation periods are based on actual contracted hours at the institution. Our school academic year is 900 clock hours / 30 weeks. An institution calculates the pace at which the student is progressing by dividing the cumulative number of hours the student has successfully completed by the cumulative number of hours the student has attempted. In making this calculation, the institution is not required to include remedial courses.

Attendance Progress Evaluations

Students are required to attend a minimum of 75% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 75% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

Academic Progress Evaluations

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. Students must maintain a written grade average of 80% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

Grading System

- 96% to 100% = A Excellent
- 88% to 95% = B above Average
- 80% to 87% = C Average
- Below 80% = F Failing

Determination of Progress Status

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations. Students will be notified of their Satisfactory Academic Progress Determination at the time of each of the evaluations. If student is not meeting SAP, they will be notified during SAP evaluation in writing, this document is hand delivered to the student, and requires a signature from the student. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

Warning

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. The student may continue to receive Title IV aid for one payment period during the warning period without an appeal. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

Probation

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

Re-establishment of Satisfactory Academic Progress

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

Maximum Time Frames

Fully executed Leave of Absence will extend the maximum time frame by the same number of days taken in the Leave of Absence. Transfer hours from another instructions that are accepted toward the student's educational program are counted as both attempted and completed hours for the purpose of determining when the allowable maximum time-frame has been exhausted.

- The maximum time (which does not exceed 133% of the course length) allowed for students to complete each course at Satisfactory Academic Progress is stated below:

COSMETOLOGY: 1500 Hours (1995 Max)

not to exceed 67 weeks - 201 days as a full-time student

Full time students are scheduled 3 days per week. Full-time students are scheduled to attend 30 Hours per week and part-time are scheduled to attend 18 Hours per week.

Students who have not completed the course within the maximum time frame may continue as a student at the academy on a cash pay basis.

Interruptions, Course Incompletes, Withdrawals

If enrollment is temporary interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as that the time of withdrawal. Additionally, students can't withdraw from a course or have incompletes.

If a student does not attend class for a period of 14 consecutive calendar days without any documentation or has not applied for a formal leave of absence, the school will withdraw the student. (Documentation may be a call to the school in which the school makes a note in the students file, or a formal written statement that the student will be out for a brief period of time). Students may be re-admitted if the student left in good standing and met the requirements of Satisfactory Academic Progress prior to their withdrawal.

Appeal Procedure

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 7 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, they will be placed on academic probation, and deemed making satisfactory academic progress and financial aid will be reinstated, if applicable.

Noncredit, Remedial Courses, Repetitions

Noncredit, remedial courses, and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

Transfer Hours

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted. School does not guarantee the transferability of its credits to another institution unless there is a written agreement with another institution.

Termination

Any student who drops below Satisfactory Academic Progress Standards, has excessive unexcused absences, fails to return from an approved Leave of Absence (LOA), fails to request an extension for an LOA, faces disciplinary issues, or violates school rules of conduct is subject to termination. Students subject to termination will be notified through one or more of the following methods: in writing, by email, by phone call, or in person.
